XSLAJ has been established under St. Xavier's University, Kolkata to achieve quality based legal education and has a broader goal of preparing men and women for others. In its constant pursuit of excellence, it always strives to create a legacy of leadership, professional acumen and excellence. This society strives towards exploring the benchmarks of educational standards for the best outcome in areas of law. XSLAJ isn't limited by its professionalism, but empowered by it.

They say that it is impossible to tell where law stops and justice begins but here at XSLAJ, we strongly believe that it is the spirit and not the form of law that keeps justice alive, and along those lines we do conceptualize our events and activities, so that every student of XLS can get a clearer perspective of the two neighboring concepts. At XLS, where gauging the power of law is considered as a supreme lesson, XSLAJ aims to create a platform, a rostrum for law students where they can go beyond the study material, and delve deep into the world of law, explore infinite possibilities of how a law can affect the system, and understand, in doing so, that to pursue law, is to pave justice.

> ***MORE THAN A SOCIETY, XSLAJ IS A MAJOR STEP TOWARDS STRENGTHENING XLS IN ITS GROWING YEARS, AND HAS POTENTIAL TO BE THE HEART AND SOUL OF XLS.***

4 OUR PATRON

Year 2022 was the 500th Anniversary of the cannon ball moment of St. Ignatius of Loyola. To commemorate & reflect upon the spiritual conversion of St. Ignatius of Loyola, the founder of the Jesuit Order, and its significance, XSLAJ had geared up to celebrate the 501st Anniversary of the Cannon Ball Moment by organizing the National Chapter of its Flagship Event - Trial & Advocacy Competition - in the name of St. Ignatius of Loyola - "IGNITAC - Ignatius National Trial & Advocacy Competition 2023". And, hence continuing the legacy in 2026.

'THE CANNONBALL MOMENT': FROM PROFESSION TO PURPOSE

IgnatiuS500
ANNIVERSARY OF THE CONVERSION OF IGNATIUS

St. Ignatius was a Spanish priest and theologian who founded the Jesuit order in 1534 and was one of the most influential figures in the Counter-Reformation. Known for its missionary, educational, and charitable works, the Jesuit order was a leading force in the modernizing of the Roman Catholic Church. The 'cannonball moment' dates back to when the citadel of Pamplona was held in siege by the French and every soldier wanted to surrender to the enemy line, against the wish of all the nobles, he decided to hold the line against the enemy. He stood bravely until a cannon from the enemy lines broke his foot, which left him temporarily immobile. It is, he states in his biography, this moment that changed his life forever. It was during this time of being bedridden that, due to the lack of any other, he was forced to read books of Saints, which changed his whole worldview and later reformed the Jesuits a whole. Thus, if it was not for that cannonball - the course of history would have been changed.

IMPORTANCE OF TRIAL & ADVOCACY

The importance of practical learning for smoother experiences and holistic development of professional skill sets is central to the aims of any law school; and the foundation of the practice of law lies in the courtroom. The aim of Trial & Advocacy is to let a student of law experience a Trial, acquaint them with the paramount rules of any successful trial, and help them be a master at the skills of pursuance, preparedness and prudence. Thus, Trial & Advocacy has been an aspect which lies at the core of the society's functioning, to contribute to the law school.

THE VISION

The approach of law schools and law societies across universities has been to adopt a demonstrative method of developing professional skill sets, to be better professionals with a knowledge not only of what law is, but also of how law works. The building block of India's justice system is its trial courts. A thorough knowledge of building blocks is what constitutes the key vision of IGNITAC'26, to lay the foundation to a future palatial structure. A collaborative and competitive effort always betters the process of learning. Especially when students across different universities, from different settings meet to put forth, and establish their perspectives on the nuances of a trial, it would in building an environment of learning, and going beyond one's limited periphery into a wider domain. Behind the competitive environment lies a greater idea- not only to test oneself out against a highly competitive pool, but to absorb a deeper understanding of practical situations and push oneself beyond their bests. Thus, it essentially envisions the building of better professionals, who carry back better arms than they initially came to the arena with. Therefore, IGNITAC'26 would offer a platform for learning through engaging, deliberating and realizing one's potential. In doing so, it would cater to the aim of the entire fraternity of budding legal professionals- to develop practical skill sets and understand the applicability of academic study.
